*******Opening prayer*******

Father said: **Dear Guardians and spouses. I wanted to tell you that I am very thankful, yes for all of you. I know that My expectations of you are great. In this past year I have been trying to encourage you to stay active. Some of you have taken to the call. Others, you seem to be waiting for something. What is it? Is it for Me to tell you what you should be doing? I do not think so.**

In the future you will need to know what My will is and serve it without Me telling you what to do. Come on now. We are coming into the end of the year; we celebrate Thanksgiving and the Christmas Season. It is in those times that we usually rest. I am expecting you to stay active, even during those holidays. You can still be active.

The Service for the Departed was again a great success, thank you for your prayers and support. Triland will tell you that some of your teammates had some experiences that they will share with you tonight. Did you have an experience? If you did not perhaps it was because you were not open to Me. Please think about that. I don't not wish, as the saying goes; "To beat a dead horse" about this subject.

I saw that some of you celebrated Halloween with your children. Why? Do you not know the origins of this day? This day is not a Holiday. Holidays celebrate a person, such as Jesus' birth, or a day, such as a national Thanksgiving Day. Or a person's achievements; President's day. This day is nothing more that celebrating evil and all that it entails. Satan has convinced many that if you dress your children up in cute costumes it is alright. It is not!

Triland will enlighten all of you as to the origins of this day. I do not want any of my children participating in this day! For some reason the members seem to think that this day is "no big deal" and they go along with it. When this happens, you show the world that you are a part of this day. You are not evil nor are you just like everybody else in the world. Please stop participating in that day.

I will also address an issue that Triland will not need to address. Michigan passed a law recently legalizing marijuana. I do not want any of you to think that now I condone this because man has changed their law.

Let me ask you this question. Down the road when all of you become public and people find out that you participated in this drug; and do not tell Me that it is not a drug and it is harmless. Will they question your gifts because you were 'HIGH'? Or "BAKED". Yes, I know the lingo.

I will tell you right now that if you would like to continue doing this, please leave the team now. How are you to be an example for others if you do this? We do not hide behind issues using drugs. We face the issues head on. This is why I speak to you in the services and you receive Holy Communion. This is where you get your strength. I do not wish to bring this subject up again.

Beloved, I need more from you. I have asked you to serve Me, not the spirits of this world. Your thoughts are not always your thoughts alone. This is why I test you. So that you are aware of your surroundings and stay true to me and the tasks.

We are near the end of this year. We can finish this year off with joy, happiness and blessing. Then we can walk into the New Year refreshed and ready to go! There is much that will happen next year for all of you, if you stay active and follow Me. I love all of you. If I did not, then I would not have brought these things to your attention.
