*******Opening prayer*******

Father said: **My dear children, a hearty hello and I give you an extra portion of My peace.**

What shall we discuss today? Let us speak of you. Many tasks and trials have been overcome. Many struggles have been put down. Faith has increased. But still some of you lack joy? Why is that? Do you feel as though you are stuck in a "rut"? Is your life as if you were a hamster on a wheel? Nothing changes, and you feel trapped?

Life is what you make of it. What are your desires, longings and what drives you? You will discuss this evening, what inspires you to be a Guardian. Has the fire in your heart gone out? Is everything just too much for you to focus?

Let me give you some peace and strength once again. When Jesus was close to finishing His task, He came to Me many times, broken, filled with heartache and fear too. This is all human, you are human beings. He was able to complete His task and come home because He always put His trust in Me and I was always there to help Him.

Do you feel sometimes that I am neglecting you or punishing you? Whether that be through health issues, financial, family issues or faith concerns? I do this for many reasons.

(1) to cause you to remember what I just said, I am always here to help you.

(2) to increase your faith.

(3) to set you as a good example for others to follow, be that for someone here in flesh or for someone in the Beyond. You are always being watched. Never forget that.

After My Son is revealed to the world and they find out that you are associated with Him, you must be ready and prepared for what is to come. Yes, you will be attacked by the media. You will be made fun of and mocked.

Did not your big brother Jesus warn of this to His disciples? You will be no different than them in this case. Well, the one big difference is that none of you will be killed because of the love you have for Triland. I can promise you that!

Please look back in history, did I ever forsake the ones I chose to perform a special task for Me? I did not! I taught them first, gave them instruction and continued to protect them. You will always have all of that from Me! Fear nothing.

Do you honestly think that some human being has the power to change My plan? They do not! I have laid all of this out before time began. I know everything! Sometimes I feel that you put Me in a box. You limit Me, or believe that I have limitation? I am unfathomable, and enigma of sorts. Triland what does enigma mean?

"Enigma"

a person or thing that is mysterious, puzzling, or difficult to understand

Is that not who I am? The world believes that they know Me and My Son's. I can confidently say that all of you know Us more on every level! This is why I have drawn all of you closer to Me. I trust you, I have given you power and authority to serve Me and mankind. AND none of you feel worthy of this. Again, this is why you were chosen.

I...DO...NOT...MAKE...MISTAKES! Triland will speak to you about Lyndsay this evening. FREE-WILL beloved! Free-will is what will make or break a soul. Life is choices, you have chosen wisely.

Will you recommit to Me now in this moment? Will you continue to trust Me? Can you confidently believe that I have your best interest in mind? Can you remember that I am always here for you? Will you continue to serve Me and stand by My Son Triland's side until all of these tasks are complete and the last task, help bring the Bride home is finished?!

If your answer is "YES", then know this, I WILL KEEP MY WORD and keep you safe until I bring you home. Your Father loves you very much.
