I greet all of you in love and I give you my peace.

Father said - Dear team Triland. I am thankful to see all of you in the meeting. I know your hearts were, and some still are, filled with doubt. Why did I not make the announcement? Firstly I do not owe anyone an explanation of My actions. I will however give you a little insight.

During the service with the Chief Apostle many things change in the center of the service. For some time now the Holy Spirit has been fighting with the brothers in the United States to bring My word. On this particular day He did not have to fight. The Chief Apostle was open and fluid to My word which struck the hearts of all those who gathered that morning, seen and unseen. I felt in My heart that the announcement would disrupt all of this. And through the Chief Apostle I was able to lay many seeds that in the past I would not have had that opportunity to do so. One in particular, "do not connect yourself to the man but create a relationship with Jesus". Have you ever heard that come from the altar before? Or the Chief's statement at the end of the service that he is no greater than any other person who has their struggles as well?

All of this is the beginning of My plan to change My children's hearts and allow them the time to accept Triland and you, His team and all that you will bring. You will all be teachers!

I know you all struggled. Please know that I will always test all of you. No one gets a break from My testing. And I will ALWAYS test you in your strengths not your weaknesses. Do not glare at Me in anger when I am simply trying to teach you something. You all know this.

Should I be a Father who turns a blind eye to bad behavior like this world does? Or encourage bad behavior and allow it to continue? I cannot! Why? Because My love for you is much too strong. Plus My expectation of you is greater than what I hold up to measure the world. You again team have been taught a deeper understanding of faith and how Eternity, Myself, Jesus and HS work? Have you not?

You all have an insight to your own gifts and purpose. Who else has that kind of information but all of you. Again I am not building up your egos I am teaching you once again.

Can I share with you a fear My Son Triland had? He thought that maybe one you would leave Him? I told Him that none of you would leave. That all of you would stay and continue to stand by His side and serve Me. Now, am I a liar? I think not!

I will say this to all of you. IT IS TIME TO GET BACK TO WORK! Triland has a list He will share with you about this point. For some time now you have all been lax. I have given all of you the time to grow, heal and learn about yourselves. Have you been paying attention to this process? I would never hurt you intentionally, but I will always correct you and lead you into the truth of who YOU are and what I know YOU can do!

All of you continue to look at yourselves as just regular human beings. You have been selected from billions thought-out all of time. I have raised you, taught you and given you gifts that some of you still neglect.

You tell Me you just do not have the time. Should I show you in your life where that time lies? Should I carve it out for you? Force you to do the job I selected you to do? Look back in history and see all those who did not do as I asked. I have brought this to your attention before. I do not like speaking to you this way because in your hearts you think I am threatening you. I am not. I am trying to MOVE YOU CLOSER to complete my plan. We do not have time to work on your "earthly existence" and negate My spiritual plan any longer.

How much time a week do you spend doing what you want compared to what My Son Triland and I are asking you to do? Be honest with yourselves because I already know that answer. Is all of this too much for you? How much time do you spend watching TV, a movie, reading, playing a video game, going out, talking on the phone or texting someone? If you have time to do that, you cannot find a few moments to work for Me too?

This younger generation wants the world to believe that they work harder than anyone before them and they are much more busier. They are correct about one of those points because they waste more time doing what I just listed out that actually doing something worthwhile! Wait! Was that a judgment? Yes it was! I can make judgments you cannot!

Satan has worked harder on this generation than any other one because he gives them this false sense of accomplishment and entitlement that they are NOT due in anyway. Why do you think I have shortened the time? I will tell you. Because there are not enough people who care to do MY work! The generations that wanted to work are growing old and are dying off. This is why I have always chosen a small group throughout all time periods to carry out portions of My plan. Are you starting to see what I am saying?

YOU TEAM, ARE THAT GROUP IN THIS TIME PERIOD. You will work hand and hand with the Apostolate once I rebuild the ranks. Yes many will leave once the announcement takes place. But I am building the foundation now, shoring it up so the church will not fall. You twelve with your helpmates are also part of this foundation. Does it have cracks in it because of you? Wake up!

I need you to keep your vow and make time to work My plan. Please do as I am asking of you. It is not too much. Stop listening to the current generation and all the world would have you to believe. It is filled with false information. YOU ALL KNOW BETTER! You know MY will and MY heart and you know I love you. Now let us all get back to work.

Does anyone have any questions, comments?

-
- Do you feel the services are not that "meaty"? Services are thumbed down for Eternity sometimes
 - Stop judging the brother who stand behind the altar. They don't know any better. What you don't receive verbally you will receive through the body and blood of Jesus.
 - Spend time on your own with Father and Jesus to deepen your own faith. You are responsible for your own development.
 - Read the monthly service guide, church periodicals and the Bible.
 - How active are you? Do something to support the congregation. Join a small group
 - Do you feel something is beneath you? All tasks of a servant have purpose. Use Jesus as our example. "They will know you by your works"!
 - Give healings - not just conversations with people, this is not the same.
 - Basics of meditation?
 - Protect your subconscious!
 - OPEN FORUM. Does anyone have any questions, comments or something they would like to share?

Our next meeting is on **Sunday**, August 6th at 6 PM CST.
