*******START RECORDING*******

I give you my peace.

Blazar's and Sandy are in Bellevue WA. Sandy's dad was in a motorcycle accident. He has 2 broken wrists and a broken pelvis, surgery on one wrist yesterday, then pelvis today, then other wrist on Monday. He has a brain bleed. Waiting to see how he recovers, think he will be ok. He asked me to tell you that he loves all of you.

*******Opening prayer*******

Father said: **Dear Guardians and my children in attendance welcome. Many years ago, I formed this team for my son. Over the years many have come and gone. Those who have remained are steadfast (resolute, firm and unwavering) and are the ones in time that we will build the rest of the team off of. To build a house you must have a firm foundation, if it is weak, or has cracks in it, it will all crumble to the ground.**

The corner stone of this team is Triland. He has not wavered from serving me; this is why the foundation is "squared". Over the years he has been teaching you and training you. I have also given many of you your own tests and trials to teach and train as well.

All of this is needed for the team to be secure. No one can do this on their own, but together you will all do great things in my name.

I have held back with much information in the past because I did not want to overwhelm you. You can now see how the world is shifting towards evil and serving Satan. This is not a coincidence. This is the end time!

The world will now start to spiral downwards. Countries will be overthrown by other countries. More wars will break out and many natural disasters will befall the planet. Through all of this what is the main thing that will remain a constant? IT IS YOU!

Currently the church is in disarray. The brothers once again are trying to make everyone "happy", neglecting Me and my will. Soon this will also change. The rift that Triland and I have spoken of many times will now begin. Many believe the church should go in this direction and others the opposite. You will all stand behind Triland, remain silent and wait for his direction.

There is nothing to be worried about. I have told you this many times. Do not get caught up in the world's politics or the churches. You must never be swayed! You have been taught well, by Me and Triland. You must always trust your "gut" feeling and follow your heart. Your families will remain safe under my care and protection. Worry not!

Continue to meditate. Continue to work on your short comings. I need all of you to go into the center of your minds and train with the archangels. This is not a request it is a command. Please. This is vital. You must know how to fight and protect yourselves better, spiritually and physically. Do not get all bent out of shape because I said physically. You will understand in time. Again, I am not sharing everything with you. But as you can well see, I have shared much today.

I will spend time with Triland and tell him more that he will share with you. Be patient and DO NOT NAG HIM. (Father smiled)

Trust in Me. Trust in your teaching, experiences and training. Know that again I have already seen your success. I will always love you. Be well and do as I have asked.

Does anyone have any questions, comments or something they would like to add?

Your own tests and trials, took your jobs away, took your health away, took your money away and tested you in your own ways.

A DEEPER UNDERSTANDING

Acts 2:42 - And they continued steadfastly in the apostles' doctrine and fellowship, (with Father, Jesus and HS) in the breaking of bread, (celebrating Holy Communion) and in prayers.
