I give you, my peace.

*******Opening prayer *******

Father said: **My dear Guardians I greet you in love. I also give you, My peace.**

I am not sure how I should say this to you. Is there an issue with not being able to help in Eternity and cleaning out the evil from countries? I see all your hearts. This is why I am asking. What is the issue? Why are you not serving? We are now down to the wire, per say. I do not want to have this subject keep coming up.

Why are you a Guardian? Please ask yourself this question. Do you like your gifts because you use them for yourself and family? This is not why you have gifts. Your gifts are to serve others. This is not happening. I understand that "life" can be complicated at times. But you need to find the balance. I need all of you active.

I know I have been patient. I continue to encourage you to help. At times I feel as though I am speaking to the Jewish nation of old.

Triland has had close to 20 Guardians give their word to serve and then leave. I do not want any of you to leave. What can Triland and I do to help you? You are all adults. Do you think your bosses would continue to put up with poor performance? I think not!

Help Us please. The service For the Departed is eight weeks away. Have you thought about that? They need much help. Are you willing to go there and help? I am not asking for you to make one trip, but several. Can you remember how it felt after you helped them? Do you not want to feel that again? You are an extension of Me and Triland. They all know who you are. In fact, some souls are waiting for you to return to them because of the way you made them feel and the hope you gave them.

Triland and I do not want to lose any of you. If you can not keep your vow to Me then you need to change your natural life. The future is not for your natural life it is for all of Eternity. I feel you have forgotten that. You focus on your "here and now" and not "what may come".

Yes, you need to work to support yourself and your family. But I am the One who gives you your "daily bread". Focus now on the spiritual and leave the natural life to Me.

Do you agree with Me? I can help you. You need to trust Me. I will guide you in both streams of life. Commit at least some time per week to working as a Guardian and help others. I love and support you.
