I give you, my peace.

*******Opening prayer*******

Father said, Hello my dear children. I greet you in love and with a great appreciation for what you are doing for Me. Yes, I see everything. I am thankful that you do things without expecting anyone to see you. The effects you have had on Eternity are numerous. The influences you have had on the countries that you have cleaned are almost uncountable.

I bring this to your attention because I do not always tell you how you impact souls. Many souls came to the altar last week and found grace because some of you went into eternity and showed them the love you have for them. Yes, it was that simple. Many souls go through life feeling they are not loved. You showed them that they are. Thank you.

As for the countries you have cleaned, much unrest has been put down that you are not even aware of. There is so much turmoil in the world and no one is the wiser unless they live in these areas. Each time you go and clean a country the souls can breathe for a short period of time. Evil suffocates and controls many hearts, prompting them to hurt one another. **YOU** put a stop to this.

You are all very powerful. All you need to do is to stop thinking you are limited because you are human. You are a hybrid being. I have told you this in the past. There are many facets to your "being". To unlock and learn more about yourself and your capabilities you just need to meditate and find them. Yes, it is that easy as well.

Beloved, I know how hard life can be at times. But you must not let your flesh control your soul. You have been called to be a servant and change this world. I have not said this to you before. Are you not changing the world every time you clean a country? Are you not changing a soul's world when you visit them in eternity? You should not be overwhelmed by this information.

Your purpose is of great importance. I will say you are not greater than any other soul, your purpose and responsibilities just are. Does this make sense?

I am so very proud to call all of you My children and Chief Guardians.

The holidays are fast approaching us. I wish you and your families and very Happy Thanksgiving, a very Merry Christmas, and a very blessed New Year. We have much to accomplish in the coming year. Yes, that was a spoiler alert.

We are still watching over all of you, and we will continue to shed our love on you.
