Father said: **My very dear family. Happy New Year and blessings to you and your families!**

How shall I start My message to you, well, let us talk briefly about the Watchword for the year.

2024 TEAM WATCHWORD

1 Peter 4:10 (NKJV)

As each one has received a gift, minister it to one another, as good stewards of the manifold grace of God.

I feel that it is very self-explanatory. Basically, give to others what I have given you. Serve like your Brother Jesus. Selflessly give of your time and effort to help others. Be the soul that I have seen you become. You do not need to be a Guardian to fulfill this watchword. When I created your soul, I had already laid gifts within you. Seek them out, find them and use them.

The theme I would like to underline for this year is "Selflessness." How is that word defined?

"Concern more with the needs and wishes of others than with one's own."

I am fully aware that last year brought many of you hardships, anguish, depression, pain, suffering, and a feeling of loss. I have given all of you the strength to bear all of this within this year. The time is shorter than you think. My plan must move forward. I am not laying a "guilt-trip" on you as someone might say. I am bringing into the light some of the suffering you experienced. Now that it is in the light you can move forward with the confidence that you *can* heal! That you *can* help others. That your purpose on this earth is *not* for yourself but for others.

Read in scripture how Jesus was, how he served, this what I ask from all of you this year. I have given all of you a "servants" heart. Now I give you a heart like Jesus.'

What does that mean? It means that you now have more love, compassion, empathy, grace, understanding, strength to endure, and a new "can-do" attitude. Also. an undying urge to complete the tasks I have given you. Do you understand what I am asking? I know you do. With a heart like Jesus, you now have more hope and determination. You have a heart that can bare longsuffering. That does not mean I am going to make you suffer in some way. No, it does not! It means that you can take on more and help carry the load for others sake. You were created to protect and serve in numerous capacities. Many of you are serving, others now have the opportunity to serve more. Serve, serve, and serve is what I need from you, please?

I am so immensely proud of all of you. Many of you have suffered through physical disabilities, psychological disabilities, and financial disabilities. And look now and see, you have come through those times. So much more good is waiting for all of you this year. All I ask is that you do not think of yourself, but that you think of others.

Ask yourself this question when you wake in the morning, "What can I do to help Father's plan come to completion today?" I will tell you! Yes, I will. Try it and see what comes next.

I have always assured you that all Four of Us are here for you. We support, strengthen, and encourage you to succeed. But you are the ones that need to support My plan, or it will never come to an end.

By now you have seen that the U.S. has a new District Apostle. He has a different heart than the past few have had. What does that mean? All I will say is that his heart is like Jesus' heart too. He is a true servant and a "lover" of the souls. Watch now how he will gently remove the "spirit of the world" from our church and allow HS to fill the church with Our Spirit! There will come a time when he will ask you to support his new actions. I encourage all of you to support him and the Apostolate.

My dear children, My blessing now will be draped over you through this year. Much will change for the better in all your lives so that you can serve others. Wait and see. I cannot bless the lazy, but I certainly will bless the workers!

Now once again know that I, Jesus, HS and Triland love all of you very much.

Now off to work with all of you! Hahaha!
